

Strength in every direction.

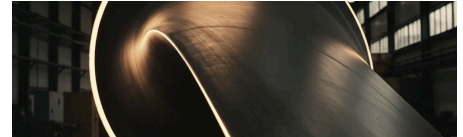

Global Composite Network (GCN) is a year-round business matching network for the composites supply chain. It connects OEMs and buyers with verified suppliers in Asia and beyond through pre-matched 1:1 meetings, and meets in person at GCN Business Matching Bangkok 2027.

Aerospace structures

EV battery enclosures

Wind blades

How it works

- Tell us what you buy or make.** Part, process, material, volume, certification and region.
- We verify suppliers.** Registration and quality certificates checked before the Verified badge.
- You see mutual-interest matches.** A meeting is proposed only when both sides say yes.
- You meet, online or in Bangkok.** Online any time of year, or face to face at Bangkok 2027.

Sectors

- Aerospace & UAV** Lead sector
- Defense & Security** Lead sector
- Mobility & EV** · battery enclosures, body parts
- Wind, energy & hydrogen** · blades, vessels
- Marine & infrastructure** · hulls, bridges
- Industrial** · tooling, equipment, materials
- All year:** directory, buyer intents, introductions, jobs, M&A listings and GCN E-News.

Example match

Illustrative, not a real company

Buyer need Aerospace OEM, Europe	
Sector	Aerospace, secondary structures
Process	Prepreg, autoclave cure
Certification	AS9100 required
Volume	2,000 parts a year

Supplier Composites processor, Thailand GCN Verified	
Sector	Aerospace and UAV structures
Process	Prepreg, autoclave cure
Certification	AS9100, checked by GCN
Volume	Series production

92% mutual-interest score

- ✓ Same sector
- ✓ Same process route
- ✓ Certification in place

Both sides opted in

Meeting booked: Bangkok 2027, Day 1, 10:30
