

Strength in every direction.

A year-round business matching network for the composites supply chain, with pre-matched 1:1 meetings between buyers and verified suppliers.

GCN Business Matching Bangkok 2027 · JW Marriott Hotel Bangkok ·
November 2027

Co-organised with the
Thai Composites Association (TCA)

Buyers asked for meetings, not booths.

Composites buyers told us they want qualified suppliers in front of them, not another hall to walk. GCN replaces the trade fair with targeted matching.

	Trade fair	GCN
Format	Booths and footfall	Pre-matched 1:1 meetings
Who you meet	Whoever walks past	Companies that said yes to you
Timing	Three days a year	Year-round, plus 2 days in Bangkok
Measured in	Square metres	Cost per meeting

Why now

- **Supply chains are diversifying** into Southeast Asia, and buyers need second sources they can qualify.
- **Aerospace** carries an aircraft backlog of more than 15,000 orders.
- **EV programmes** need lightweight structures and battery enclosures.
- **Wind, energy and hydrogen** need blades and pressure vessels at scale.

How GCN works

- 1

Tell us what you buy or make

Part, process, material, volume, certification and region, in a free profile.
- 2

We verify suppliers

Registration and quality certificates are checked before the Verified badge.
- 3

You see mutual-interest matches

Each side reviews its shortlist and opts in. A meeting is proposed only when both say yes.
- 4

You meet, online or in Bangkok

Online any time of year, or face to face at Bangkok 2027.

Example match

Illustrative, not a real company

Buyer need Aerospace OEM, Europe		Supplier Composites processor, Thailand GCN Verified	
Sector	Aerospace, secondary structures	✓	SectorAerospace and UAV structures
Process	Prepreg, autoclave cure	✓	ProcessPrepreg, autoclave cure
Certification	AS9100 required	✓	CertificationAS9100, checked by GCN
Volume	2,000 parts a year	—	VolumeSeries production

92% mutual-interest score

✓ Same sector ✓ Same process route ✓ Certification in place

Both sides opted in

Meeting booked: Bangkok 2027, Day 1, 10:30

Mutual-interest matching, verified suppliers

Matching

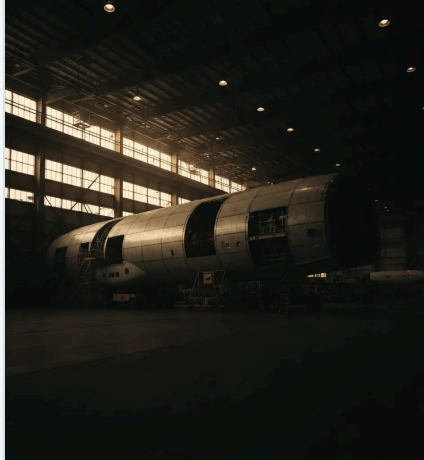

- 1 Profile.** Members list sectors, processes, materials, certifications and regions.
 - 2 Intent.** Buyers post what they need: part, process, volume, timing.
 - 3 Score.** GCN ranks matches on sector, process, material and region overlap.
 - 4 Both opt in.** A meeting is booked only when both sides accept.
-

Verification

- 1 Document check.** Quality certificates such as AS9100, ISO 9001 and IATF 16949, where held.
 - 2 Capability check.** Processes, materials and capacity confirmed against the profile.
 - 3 Badge.** Buyers can shortlist a GCN Verified supplier without a second call.
-

Pro-rata credit for any meeting that does not happen

Sectors, led by aerospace and defense

Lead sector

Aerospace & UAV

Aerostructures, interiors, MRO and UAV airframes. Qualified capacity for long programmes.

Lead sector

Defense & Security

Protective structures, radomes and platform parts from suppliers with the right paperwork.

Mobility & EV

Battery enclosures, body and chassis parts.

Wind, energy & hydrogen

Blades, pressure vessels, grid parts.

Marine & infrastructure

Hulls, bridges, pipes and tanks.

Industrial

Tooling, equipment, materials and machinery.

The network works all year

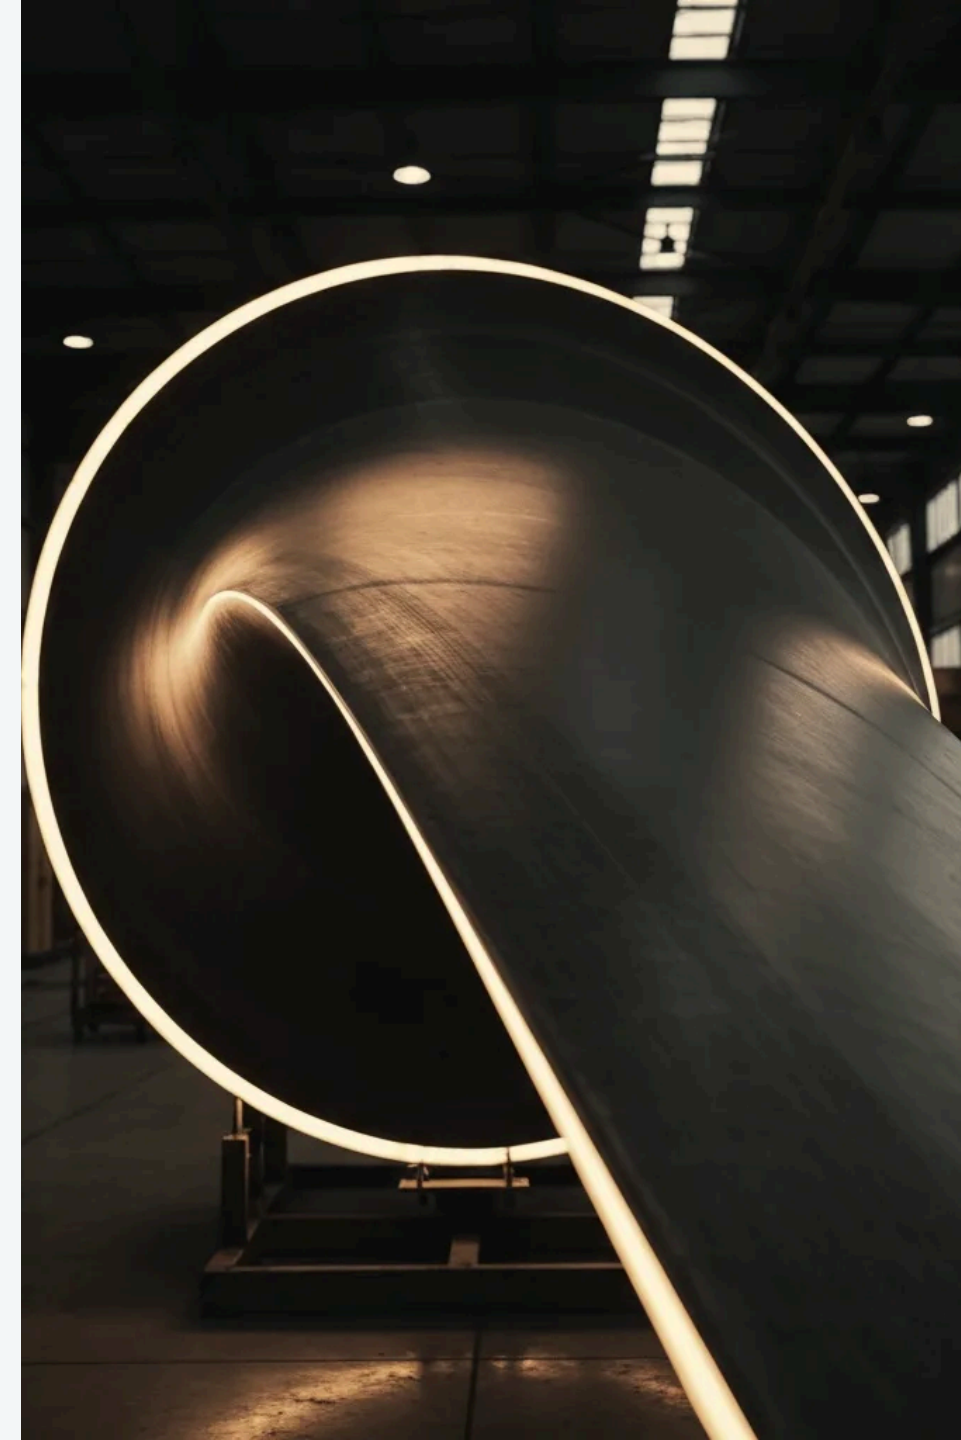

Bangkok is one week. The network runs the other fifty-one.

Member directory Searchable profiles by sector, process, material and certification.	Buyer intents Buyers post what they need. Matching suppliers are told first.	Introductions Request a 1:1 introduction online, any time of year.
Composites jobs Post and find engineering, quality and production roles.	M&A and investment Confidential teasers, with contact made through GCN.	GCN E-News Market intel and matching rounds, twice a month at most.

GCN Business Matching Bangkok 2027

Two days of pre-matched 1:1 meetings in the centre of Bangkok.
Every slot is agreed by both sides in advance.
